

Practically Supporting the PBEL Framework

The Everyday Hero program is designed to provide children with the opportunity to set themselves a challenge, take **Responsibility** for it and do their **Personal Best** to achieve it. Along the way, they can be supported by family and friends taking pride in the knowledge that their achievement has helped raise funds for additional school resources.

Achievement awards will be presented at assemblies throughout Term 2.

This program is entirely optional and is a trial for possible continuation. All feedback is welcome to MHPSeverydayhero@gmail.com
